

Paranoid People

3 Colours Red

I am one of the paranoid people
I'd love or hate but I can't decide
I relate if you're weak or just unable
A frozen sun in an acid skyParanoid people
Paranoid people
Paranoid people
Paranoid peopleI am one of the paranoid people
Experimental agent 1475
Be the star of you're soul imagination
The waters broke now we've come aliveParanoid people
Paranoid people
Paranoid people
Paranoid people
