

# Good Time

## Ziggy Marley & The Melody Makers

Though the world is cruel and blind  
Let's have a good time  
(Melody makers, more melody makers)  
Though the world is cruel and blind  
Let's have a good time  
(Melody makers, more melody makers)Get those problems of your head  
Put your mama to bed  
But don't stay too far from reality  
Or you will live in a dream worldDreaming of things that there ain't no possibility  
Who we believe me  
Let's have a nice grooving time  
But don't go too far  
From the truth in your mind  
'Cause you'll drink and drive  
And then you'll fly too high  
And so you'll pay the price  
For just a feeling niceThough the world is cruel and blind  
Let's have a good time  
(Melody makers, more melody makers)  
Though the world is cruel and blind  
Let's have a good time  
(More melody makers, more more melody makers)So many things to foresee  
We were not born to live this way  
We were born having fun in the jungle of grace  
With plenty food to eat and plenty drink to drink  
So you know what I mean when I say  
Liberate yourself from the state that you're in  
And don't get involved in  
That everywhere it stink, it stink, it stink  
Me say to danceIf you have to  
But don't take no chance  
To be deceived thereThough the world is cruel and blind  
Let's have a good time  
(Party party party, dance to dance)  
Though the world is cruel and blind  
Let's have a good time  
(Melody makers, more melody makers)Base is heavy, the drummer is steady  
Ooh, rhythm runs  
And it got you on the floor

Cry out for more That's the only way  
You gonna know it for sure  
You need some more Though the world is cruel and blind  
Let's have a good time  
(Melody makers, more melody makers)  
Though the world is cruel and blind  
Let's have a good time  
(Melody makers, more melody makers) Your mind is your mind  
I mean your body and your soul  
Don't let material things  
They must not keep you down I get on up, I get on up  
I mean you'll do what I ya say  
I say do what you do  
But don't get carried away Let's have a good time  
(More melody makers)  
Yes educate oneself  
Let's have a good time  
(Melody makers)  
And liberate oneself Don't be no fool today  
Don't be so cruel today  
Let us build up the place  
For the human ways Though the world is cruel and blind  
Let's have a good time  
(Melody makers, more more melody makers)  
Though the world is cruel and blind  
Let's have a good time  
(Melody makers, more more melody makers) Though the world is cruel and blind  
Let's have a good time  
(Melody makers, more melody makers)  
Though the world is cruel and blind  
Let's have a good time  
(Melody makers) Base is heavy, the drummer is steady  
Woe yes it run and got you on the floor  
Cry out for more  
That's the only way you gonna know for sure  
We need some more Though the world is cruel and blind  
Let's have a good time  
Though the world is cruel and blind  
Let's have a good time (More melody makers)  
Let's have a good time  
(Melody makers, more melody makers)  
(Melody makers) (More melody makers)  
Let's have a good time  
(Melody makers, more melody makers)  
(Melody makers, more melody makers)

Let's have a good time  
(More melody makers, more melody makers)  
Let's have a good time  
Let's have a good time  
Let's have a good time  
...
