Too Happy To Be Alive

Him

we're still breathin'
this can't be love.
baby we're tryin'
shed a few tears more.
and we keep on waiting,
just to get caught.
and we know this is exactly what we want.
we fear for the best and hope for the worst,
too happy to be alive.
when love lies blessed and love lies cursed
(x2)
now we feel it comin',
peircing our hearts.
fingers crossed and we're praying,
nothing goes wrong.
and its finally happenin',
just a knock on our door.
our hearts are beatin',
oh its just begun.

chorus(x2)
we fear for the best and hope for the worst,
too happy to be alive.
when love lies blessed and love lies cursed
too happy to be alive.
we fear for the best and hope for the worst,
too happy to be alive.
when love lies blessed and love lies cursed
too happy to be alive.
oh we fear for the best
too happy to be alive
when love lies blessed and love lies cursed
too happy to be alive.
too happy, too happy, we're too happy to be alive.
too happy. too happy. we're too happy to be alive.
too happy. too happy. CAUSE we're too happy to be alive. oh my love
so...
