

# Wasteland

## Dead Man Winter

Its the waste land babe I remember  
A donation from every member  
Just to keep this dream alive

All the way  
From the united nation  
Came a song  
On my favorite station  
Its that rock and roll  
like

Am I holy baby?  
Can I drive you crazy? Tonight  
Tonight tonight alright

All those times that we had  
On a hillside  
Take it down to the city  
I don't mind  
Except when I'm in  
The mood to fight

Strung out on coffee and enopa  
Close your eyes and promise you wont look  
Till its done then it'll turn out alright

Am I holy baby?  
Can i drive you crazy? Tonight  
Tonight tonight alright  
Alright

Well religion scares me daily  
Just the wind  
And the water can save me  
Its just me and the stars  
Tonight

So get down on the loneliest highway  
Its OK if you don't see it my way  
I can hope

One day you might

Am I holy baby?  
Can I drive you crazy? Tonight  
Tonight tonight alright

Hey
