Re-Enact the Crime

Unwound

Every single word you say, every single thing you touch, every time you think again, is everything you used to miss.
There you are, criminal.
account for the pain, record it this time. do it all over again. Re-enact the crime.
Blueprints ordered, foolproof timing, cutthroat tactics: the perfect crime.
Every single word you say, every single thing you touch is constant ringing in your ear.
Thinking on the matter will reveal: do you really want to murder me?
Is it something that the plot conceals? ask the criminal.
Account for the pain, record it this time. do it all over again. Re-enact the crime.
Blueprints ordered, foolproof timing, cutthroat tactics: the perfect crime.
