## How to Succeed in Business Without Really Trying E

Close the door when they come in  
They can feel their whole world spin  
Smoking plastic shards they'll never be scared of me  
(I won't drown)  
And when they change themselves they are never afraid of me  
Summer's out for you  
There's no time for you  
It is not what it seems  
You're awake in your dreams  
With lithium, you'll never be sad again  
But you can't sleep with her  
It's not by choice, is it?  
I hope you never come back  
There's someone else in here  
Please tell me why  
Please tell me when  
It's not by choice
