Night Owl

Metronomy

Donâ€™t need your number babe,
But Iâ€™ll take it anyway
â€‹I spend the nights recalling
â€‹Our showers in the morning
â€‹And what you said that day
â€‹I'll take it to the grave
â€‹But once I'm in the grave,
â€‹You won't care anyway
â€‹

â€‹[Chorus]
â€‹So let's imagine right now
â€‹I'm just another night owl
â€‹And if you're going out tonight girl (?)
â€‹The city is my lighthouse
â€‹(x2)

No need for comfort babe,
â€‹But I'll take some anyway
â€‹Don't need the rollerblades
â€‹You got on holiday
â€‹I'll take the feelings that I wish I never had
â€‹You take your favorite band
â€‹That shit was always bad (?)
â€‹

â€‹I think I've seen a ghost
â€‹She walks along this coast
â€‹And on the breakfast shows (?)
â€‹All the FM radio hosts keep playing "Paparazzi"
â€‹(?)
â€‹

â€‹[Chorus]
So let's imagine right now
I'm just another night owl
And if you're going out tonight girl (?)
The city is my lighthouse
(x3)
