Exgirlfriend

Nivea

Guess it's my fault that I got caught up
Knowing damn well that you and her just broke up
You say it's about me and not the last, she's the past
Did I ask you 'bout how she was? No, I didn't
So what make you think I wanna know
'Bout all y'all did and felt before
Tell me what the hell you even got wit me for, huh?
(Tell me what the hell you even got wit for)
No matter how you fun, it always showed
That you ain't never ever let her go
Tell me what the hell you even got wit me for, huh?
You unlocked the door, don't tell me don't go
'Cuz how can we work it out
When all I hear is 'bout you exgirlfriend?
I don't care about your exgirlfriend
'Cuz if we so in love
Why am I jealous of your exgirlfriend?
Always talking 'bout
What I don't do and what she would do
Baby, would you, could you stop?
(This is me)
Just getting rid of her just pisses me off
'Cuz if she's what you need
Then why you steady hanging around wit me
Boy, you better not let me leave
Tell me why to [unverified] on now
If I got to hear once more about her, ooh
What made you think I wanna know
What all y'all did and felt before?
Tell me what the hell you even got wit me for, huh?
(Baby, tell me what the hell you even got wit for)
No matter how we fall, you always show
That you ain't never ever let her go
Tell me what the hell you even got wit me for, huh?
You unlocked the door, don't tell me don't go
'Cuz how can we work it out
When all I hear is 'bout you exgirlfriend?
I don't care about your exgirlfriend
'Cuz if we so in love

Why am I jealous of your exgirlfriend?
Boy, don't tell me, ?Girl you, can't go?
Save your breath 'cuz baby, I know
You don't feel how you did before
You ain't ready to let her go
I can't waste no more time wit you
Knowing that I'll be number 2
You don't feel how you did before
You ain't ready to let her go
How can we work it out
When all I hear is 'bout you exgirlfriend?
I don't care about your exgirlfriend
'Cuz if we so in love
Why am I jealous of your exgirlfriend?
How can we work it out
When all I hear is 'bout you exgirlfriend?
I don't care about your exgirlfriend
'Cuz if we so in love
Why am I jealous of your exgirlfriend?
How can we work it out
When all I hear is 'bout you exgirlfriend?
I don't care about your exgirlfriend
'Cuz if we so in love
Why am I jealous of your exgirlfriend?
