Come Go With Me

Maysa

Come on and go with me
Come on over to my placeI dont feel like bein lonely tonight
You see, I want, I want some company
And you look like you're just my type
Youre the kind, youre the kind
Whose spirits are runnin freeLets take a sip of some cold, cold wine
And dance to the music nice and slow
And you wont be under any kind of pressure
You see, well just let, well just let the evenin' flowCome on and go with me
Id sure like that, baby
Come on over to my place
It would be so nice, it would be so good
Come on and go with me
Come on over to my placeYou look like youre just bored to death
And you wanna get away
You wanna get away from this noisy crowd
Lets go where its nice and quiet
Where theres nobody, theres nobody else aroundLets sit by a cozy lit fire
And we can be in each others company
Now how does that sound to you?
You see, cause it sounds so good
It sounds so good to meCome on and go with me
Would you do that, baby?
Come on over to my place
Would you do that, baby?
Would you do that, baby?
Come on and go with me
Come on over to my placeMy cars right outside, we can leave right now
Thats if youre ready to go
I know youre just beatin me
You see, Id understand it
I'd understand it if you said no
But dont you do it, babyCome on and go with me, come on, baby
(No)
Come on over to my place
(No, not tonight, no)
You see its not far from here
(I believe you)Would you just take a minute and think about it?
(Oh, man)

Would you just think about it, think about it? Yeah
(Im thinkin about it but I really have to say no)Come on and go with me
Come on over to my place
(No, I know)
Youre sittin here, youve been sittin here for quite a long time
(Yeah, Im slightly bored, I hate bein bored)See, Ive been watchin you
(Ive been doin the same thing)
Ive had my eyes on you
(Ive been checkin you out all night long)
You look so nice and you look so sweet
(Oh, thank you)Come on and go with me
(That was sweet)
You look like you oughta be with me
Come on, over to my place
(Yeah, but what are you gonna with me? Thats the problem)Seems that you feel the same way I do
(I think it would pretty interesting)
It seems that you need some company, too
(Oh, boy)
YeahCome on and go with me
(You said your car is right outside, right in front)
Come on, over to my place
(And youre gonna bring me home after)
But would it be all right with you?Come on and go with me
If we left here and we went somewhere else, baby
(Come on over to my place)
Somewhere where its nice and quiet, nice and quiet
(Thats nice, yeah, that sounds a little better than this place)
Where we could sit down by a cozy lit fire
We could sip a little wine, work things out
(Oh, yeah)Come on and go with me, work things out
(Well, I cannot stay long)
Come on over to my place
(We got an hour, no more than that)
Lady, you wont be under any kinda pressure
(Please, I cannot stand pressure)I wouldnt do that, baby? No
(Okay, well, would you get my coat?)
See, I wouldnt do that, baby
See, I just wanna sit down
And get to know you a little better
(Okay, just for a little while)I swear you look so good to me
(Are you gonna pay for my drink?)
Come on over to my place
You look so good to me
