

# Come Go With Me

## Maysa

Come on and go with me  
Come on over to my place I don't feel like being lonely tonight  
You see, I want, I want some company  
And you look like you're just my type  
You're the kind, you're the kind  
Whose spirits are running free Let's take a sip of some cold, cold wine  
And dance to the music nice and slow  
And you won't be under any kind of pressure  
You see, well just let, well just let the evening flow Come on and go with me  
I'd sure like that, baby  
Come on over to my place  
It would be so nice, it would be so good  
Come on and go with me  
Come on over to my place You look like you're just bored to death  
And you wanna get away  
You wanna get away from this noisy crowd  
Let's go where it's nice and quiet  
Where there's nobody, there's nobody else around Let's sit by a cozy lit fire  
And we can be in each other's company  
Now how does that sound to you?  
You see, cause it sounds so good  
It sounds so good to me Come on and go with me  
Would you do that, baby?  
Come on over to my place  
Would you do that, baby?  
Would you do that, baby?  
Come on and go with me  
Come on over to my place My car's right outside, we can leave right now  
That's if you're ready to go  
I know you're just beating me  
You see, I'd understand it  
I'd understand it if you said no  
But don't you do it, baby Come on and go with me, come on, baby  
(No)  
Come on over to my place  
(No, not tonight, no)  
You see it's not far from here  
(I believe you) Would you just take a minute and think about it?  
(Oh, man)

Would you just think about it, think about it? Yeah  
(Im thinkin about it but I really have to say no)Come on and go with me  
Come on over to my place  
(No, I know)  
Youre sittin here, youve been sittin here for quite a long time  
(Yeah, Im slightly bored, I hate bein bored)See, Ive been watchin you  
(Ive been doin the same thing)  
Ive had my eyes on you  
(Ive been checkin you out all night long)  
You look so nice and you look so sweet  
(Oh, thank you)Come on and go with me  
(That was sweet)  
You look like you oughta be with me  
Come on, over to my place  
(Yeah, but what are you gonna with me? Thats the problem)Seems that you feel the same way I do  
(I think it would pretty interesting)  
It seems that you need some company, too  
(Oh, boy)  
YeahCome on and go with me  
(You said your car is right outside, right in front)  
Come on, over to my place  
(And youre gonna bring me home after)  
But would it be all right with you?Come on and go with me  
If we left here and we went somewhere else, baby  
(Come on over to my place)  
Somewhere where its nice and quiet, nice and quiet  
(Thats nice, yeah, that sounds a little better than this place)  
Where we could sit down by a cozy lit fire  
We could sip a little wine, work things out  
(Oh, yeah)Come on and go with me, work things out  
(Well, I cannot stay long)  
Come on over to my place  
(We got an hour, no more than that)  
Lady, you wont be under any kinda pressure  
(Please, I cannot stand pressure)I wouldnt do that, baby? No  
(Okay, well, would you get my coat?)  
See, I wouldnt do that, baby  
See, I just wanna sit down  
And get to know you a little better  
(Okay, just for a little while)I swear you look so good to me  
(Are you gonna pay for my drink?)  
Come on over to my place  
You look so good to me
