

# Girl To Be On My Mind

Crosby & Nash

Come another year, I am sitting here  
Looking over all the Haight  
As far as my eyes can see  
What's happening to me, tryin' to find  
A girl to be on my mind  
Come another year, will she be here?  
I wonder what I'm lookin' for  
But I'm lookin' everyday  
Searchin' every face, tryin' to find  
A girl to be on my mind  
On my mind there is a question  
Time, time  
Only time will tell when time is right  
I await my resurrection  
Feeling fine, fine  
Come another year, will I be sitting here  
Lookin' after someone else  
Who's lookin' after me  
That's happiness to me, so I am tryin' to find  
A girl to be on my mind
