

# Back and Forth

## Sarantos

Back and Forth Verse 1 Lately I hear the melodies of sorrow  
As the story unfolds, as the darkness draws near  
My heart starts feeling so hollow  
And it cries out in fear The night surrounds me, its emptiness divides me  
As I look for the answers, I try hard to find the questions  
But my heart won't let me think  
As the pain makes me weep Chorus 1 Back and forth  
Back and forth I go, never right or wrong  
My mood changes so quickly  
As my heart beats endlessly Back and forth  
Back and forth I go, never wrong or right  
My mind changes so quickly  
& my mood swings carelessly Verse 2 It never felt this good, it never felt this right  
As the story goes on, so does the fight  
Looking back on this day, the battle was won  
Nothing left to say, I can't help but feel this way Chorus 2 Back and forth  
Back and forth I go, never right or wrong  
My mood changes so quickly  
As my heart beats endlessly Back and forth  
Back and forth I go, never wrong or right  
Especially tonight  
So back and forth I go Instrumental Chorus 3 Back and forth  
Back and forth I go, never right or wrong  
My mood changes so quickly  
As my heart beats endlessly Ending Back and forth  
Back and forth I go, never wrong or right  
Especially tonight  
So back and forth I go
