Show Me

Jimmy Barnes

Show me a man that's got a good woman
Now show me
I said show me a man that's got a good woman
Now show me
I said show me a man that's got a good woman
Show me a man that's got a good woman
Show me a man that's got a good woman
Show me a man that's got a good womanShow me a man that's got a good woman
I'll show you a man that goes away hummmin'
He knows he's got some sweet love coming
At the end of his working day
Show me a woman who's got a good man
Now show me
I wanna see if there's a woman that's got a good man
Now show me
I said show me a woman who's got a good man
Show me a woman who's got a good man
Show me a woman who's got a good man
Show me a woman who's got a good manShow me a woman who's got a good man
I'll show you a woman doin' all she can
To make life worth living for her good man
So his troubles don't cross his mind
Show me two people who's in love with each other
Ya show me
I wanna see if there's two people who's in love with each other
Ya show me
Show me two people who's in love with each other
Show me two people who's in love with each other
Show me two people in love with each other
Show me two people who's in love with each otherShow me two people who's in love with each other
I'll show you two people who ain't going no further
Than there arms can reach to hold one another
And never leave each other alone
You've got to show me
