Little Wonder

Chantal Chamberland

Stinking weather, fat shaky hands
Dopey morning doc, grumpy gnomes
Little wonder then, little wonder
You little wonder, little wonder youBig screen dolls, tits and explosions
Sleepy time, bashful but nude
Little wonder then, little wonder
You little wonder, little wonder you
I getting itEnter galactic, see me to be you
It's all in the tablets, sneezy Bhutan
Little wonder then, little wonder
You little wonder, little wonder youMars happy nation, sit on my karma
Dame meditation, take me away
Little wonder then, little wonder
You little wonder, little wonder youSending me so far away, so far away
So far away, so far away, so far away, so far away
So far away, so far away, so far away, so far away
So far away, so so far away, so far away, so far away
So far away, so so far awayLittle wonder
You little wonder, you
Little wonder
You little wonder, youSending me so far away, so far away
So far away, so far away, so far away, so far away
So far away, so far away, so far away, so far away
So far away, so so far away, so far away, so far away
So far away, so so far awayLittle wonder, you little wonder, you
Little wonder, you little wonder, you
You little wonder, little wonder you
Little wonder then, little wonder
You little wonder, little wonder you
