

I Still Love You (Re-Recorded)

Next

[Chorus]

I still love you babe

I'm still for you girl

I'll never leave you baby

Cause I realize I need you in my life Girl it just ain't right

What we said last night

Cause I know we didn't mean it

You feel the love is gone

Cause we don't get along

But I can prove you wrong

Girl I swear Cause every time I close my eyes I see you

And how I want to live my life with you

There is no one

You're all I need and all I want

The only one I'll ever love [Chorus] In this relationship we spend a lot of time

Now it would be wrong if everything was always fine

Girl, I know we've had our share of ups and downs

But it doesn't mean that we can't work this out

Oh baby girl, I care, yeah

You know I do Cause every time I close my eyes I see you

And how I want to live my life with you

There is no one else

You're all I need and all I want

The only one I'll ever love [Chorus] No, oh girl, I know I need ya baby Cause every time I close my eyes I see you

And how I want to live my life with you

There is no one else

You're all I want and all I need

The only one I'll ever love [Chorus: x3] Next, in 9-7 y'all
