Turn It Up

[Jimmy Robbins](#)

On a long, dark road
Nothing playing but the radio
Switching on a song that starts out slow again
It takes me back to the summer where we first met
You're a sound that I can't forget, yeah

And, hey, by the way
I don't care if it rains all day
Melody gets me through when I'm thinking of you
I've been gone for so long
Hear that song, and it feels like

I'm alive for the first time, baby
Play that song, 'cause it drives me crazy
Whoa-oh, oh-oh, oh-oh
Turn it up for me
I wanna sing out loud, say I love you
Tuning in, 'cause I'm thinking of you
Whoa-oh, oh-oh, oh-oh
Turn it up for me
Turn it up for me

From town to town
I tell the static try to keep it down
I turn the dial, looking all around for you
Everywhere I go
I hear you hiding in the dashboard glove
I mumble through the lyrics I don't know, yeah

And, hey, by the way
I don't care if it rains all day
Melody gets me through when I'm thinking of you
I've been gone for so long
Hear that song, and it feels like

I'm alive for the first time, baby
Play that song, 'cause it drives me crazy
Whoa-oh, oh-oh, oh-oh
Turn it up for me
I wanna sing out loud, say I love you

Tuning in, 'cause I'm thinking of you
Whoa-oh, oh-oh, oh-oh
Turn it up for me

Turn your love up for me
When I need you to be
Right here with me
Everywhere in between
Turn it up for me
Turn it up, turn it up for me

Turn your love up for me
When I need you to be
Right here with me
Everywhere in between
Turn it up
Turn it up, turn it up for me

Whoa, whoa
Whoa, whoa
Whoa, whoa
Whoa, whoa

'Cause I'm alive for the first time, baby
Play that song, 'cause it drives me crazy
Whoa-oh, oh-oh, oh-oh
Turn it up for me
I wanna sing out loud, say I love you
Tuning in, 'cause I'm thinking of you
Whoa-oh, oh-oh, oh-oh
Turn it up for me

Like I'm alive for the first time, baby
Play that song, 'cause it drives me crazy
Whoa-oh, oh-oh, oh-oh
Turn it up for me
I wanna sing out loud, say I love you
Tuning in, 'cause I'm thinking of you
Whoa-oh, oh-oh, oh-oh
Turn it up for me
Turn it up for me

Turn it up for me
Turn it up for me
