Time can take everything that surrounds you
You can break from everything that confines you
Some to trust, look in my eyes
I will guide you, so I sayLiving to love could remind you
You can't know followWhat I say to you, take with you today
The pressure it brings, alone, alive to know
What I say to you, take with you today
You can't take the pain to live to knowYou can't fake
Everything that reminds you
How you feel
Time will tell what's inside youYou can't know follow
You can't know followWhat I say to you, take with you today
The pressure it brings, alone, alive to know
What I say to you, take with you today
You can't take the pain to live to knowWhat I say to you, take with you today
