

# Throw Your Arms Around Me

## Rogue Traders

Catch my breath with every step  
I inhale between every word you say  
Oh, yeah  
Please begin again, wanna hear it againMy pulse races with fingers tracing  
I exhale between every look you give  
Oh, yeah  
Please begin again, wanna hear it againSo I just dream away  
And then pretend to hear you sayThrow your arms around me  
Throw your arms around me  
Totally surround me  
'Til there's no turning backHeat will rise I cannot defy it  
It's become obscene, you're the words I mean  
Oh, yeah  
Please begin again, wanna hear it againHow come I feel like I'm gonna die?  
Every time you mention my name I feel the same  
Oh, yeah  
Please begin again, wanna hear it againSo I just dream away  
And then pretend to hear you sayThrow your arms around me  
Throw your arms around me  
Totally surround me  
'Til there's no turning backThrow your arms around me  
Throw your arms around me  
Totally surround me  
'Til there's no turning backSo I just dream away  
And then pretend to hear you sayThrow your arms around me  
Throw your arms around me  
Totally surround me  
'Til there's no turning backThrow your arms around me  
Throw your arms around me  
Totally surround me  
'Til there's no turning backHeat will rise I cannot defy it  
It's become obscene you're the words I mean  
Oh, yeah  
Please begin again, wanna hear it again
