

Get on Board

Dead Moon

Suicidal cement screams
I seen 'em all inside my dreams
I see them coming through my head
 Make me wish I was dead
 Ghosts chase silent foes
I never knew I'd get aboard
 Cover me in ice
 Til the edge og time
Can you see the stream, drowning in
 The deep
 Something so bad
Can you see the ship, sacrifice
 Myself
 Grab you instead
Get onboardPainted child seldom seen
 I've gone another way to be
 Put the mark upon my head
 Make me wish I'm dead
 The servants never called
 The dog's been put in chains
 They can't hear you anymore
 They've all gone straight
 No matter what they say
 I guess it's really sad
 To never get across
 I looked into the eyes
 The same as before
 But I just got lost
 Get on board
