

Change

Jason Lancaster

I would like to take this time to thank you all
For not leaving me behind when I was small
'Cause when I felt all alone without hope of my own
So many left me behind I felt I'd been outgrown
I can point out every time that I was wrong
Without help from anyone, just learning songs
Some people hurt without conscience and hollowly promise
They will always stand firm but their falling has come I can stand on my own with the help of my real friends
And tell you all about the day I got unchained
'Cause I'm here, left for now
I can scream and I can shout about the ways
That you all expected me to change
But I will never change
