

Anna Makes The World Go Round

Mr. Tinimaine

My nigs
Wuzup thugs
Givn me hugs
Shaking and breaking da law when Im duckin them
You niggas got me so damn fucked up
Make sure my glock is by my side
Jump in the ride
Take the mask off my face
Light up a blunt ?????? after we rented the place
Do or Die is serious
So much ?????furious OR mysterious???????
So safrifice
???????????
It aint nuthn to take your life
I had a problem with bigger niggas turn me out
Hustlin since the age of 12 I ??? made it in the house
Anna started striking motherfuckers in 94
Made it the night to my home without my strap
???????????????? Down my street Im on the run see
Loking for a pistol but no one wanted to help me G
Wut bout the hood which is good cuz I got to kill these two motherfuckers police ??????
Looking at the world with my eyes closed better yet Im blindfold
Tinimaine is in control
Lay your bitchass on the floor
AMTWGR, East of Memphis is where Im found
Salavage and Creep you can step or you might drown
Visions in my sleep Pray the Lord my soul to keep
It is my head that rocks the cradle when I fuck these motherfuckers Creep

Anna Make the World Go Round X16

Hyptnotize Mindz Voices in my head
A bitch painted dead
I feel I got them scared
Open up your eyes
???? Calling me
Aint no shame in my game
Bitchass nigga Hollow G
Always go to Church

Slippin in my mask
We wanna snatch that ass
????????????????
Reaching for that glock
MO MURDA MO MURDA
????????????????

Open up your eyes you can survive by killin me
It aint no thang to pop a bitch with the quickness
Leave no fucking witness
Beware we will

My back against the wall
Niggaz of destruction they aint no friends
They aint no killaz ???????????

But since your own my dick talking shit on your tape
??????? Studio..... shit straight
