It's My Turn to Fly

The Urge

It's my turn to fly
I'm proving ground tonight
Try to be the best that I can
Grown to be a man
Only human can understand
I fill my lungs with fear and I exhale!It's my turn to fly
Father be with me tonight
I'm right on target (keep your dream alive)
It's my turn to fly
gotta prove this tonightDeep in 3043, the refugees survived
The whole of humanity lies in my hand
Give me the chance to tonight
I'll prove to you what's in my eyes
Bring us to victory
Our dreams become realityIt's my turn to fly
Father be with me tonight
I'm right on target (keep your dream alive)
It's my turn to fly
Gotta prove this tonight
