

Do You Feel The Same? (Oliver Dollar Remix)

Hercules and Love Affair

Emptiness, loneliness
disappear when you're here by my side
Happiness, tenderness
warm me from the inside get me right
Hold on to your love don't let it go now
Feel what music, soul and love can do
Dancing on a rainbow lose control now
forever in my arms come make me groove
Deep inside I feel warm
close my eyes and take the waves of joy
I'm on a fancy ride, move sometimes,
listen to the notes of my own destiny
Let the west wind blow 'cause I can face it
I'm strong enough to make it through the storm
This is just the place where our base is
The way is paved with gold we carry on
