

# Weekend Thing

## Koffee Brown

Check, 1 2, yo?, you're tuned in to Koffee Brown  
This time we takin' it to the clubs, uh-oh, that's right  
First it was Naughty, then it was Next, now it's CB

What, uh, come on

It's Friday, weekday, leavin' work early  
Hop in the whip with the flip, get my girl  
It's hair shop, facial, nails filled, toes done

'Cause it's on at the club

It's Saturday, don't stop, just left the barber shop  
Fresh fade, geared up, just got my car washed  
Music up, windows down, rims on, bling-bling

It's a weekend thing

Workin' on stress, hopped in the jeep yes

Light up, take two to the chest

Tired of the wheels, tripped out bosses

Talkin' threats, but I could care less

I just wanna let my hair done

Puff-puff, I think I'm there now

It's Friday, weekday, leavin' work early  
Hop in the whip with the flip, get my girl  
It's hair shop, facial, nails filled, toes done

'Cause it's on at the club

Saturday, don't stop, just left the barber shop  
Fresh fade, geared up, just got my car washed  
Music up, windows down, rims on, bling-bling

It's a weekend thing

Cash with the whip, cash card for the chips

Lick o' the sip, roll up on the dips

What it is, what it is

A won't you come by the crib

'Cause I just wanna have relations

Head to toe, girl, you're so-so amazing, you

It's Friday, weekday, leavin' work early  
Hop in the whip with the flip, get my girl  
It's hair shop, facial, nails filled, toes done

'Cause it's on at the club

Saturday, don't stop, just left the barber shop  
Fresh fade, geared up, just got my car washed  
Music up, windows down, rims on, bling-bling

It's a weekend thing  
It's party time, pull up the Hummer top  
Top down, feel the sunshine it's all right  
Cork poppin' time go off into your ride  
'Cause it's on tonight it's weekend  
My end of the week commences by rippin' out the 20 inches  
SOS for the road, Gerbraud's creased to the floor  
No mo' sweets to flow on the sto' like a dro  
And I know you got them switches, give me mo' of them to go  
Seated in the barber shop, press playin' with it tapered in  
Paper thin mustache trimmed and my weekend begin  
Gimme plenty of Remy with a double shot of Henney  
No taste, look at my face, I'm feelin' as good as any  
It's the weekend  
It's Friday, weekday, leavin' work early  
Hop in the whip with the flip, get my girl  
It's hair shop, facial, nails filled, toes done  
'Cause it's on at the club  
Saturday, don't stop, just left the barber shop  
Fresh fade, geared up, just got my car washed  
Music up, windows down, rims on, bling-bling  
It's a weekend thing  
It's Friday, weekday, leavin' work early  
Hop in the whip with the flip, get my girl  
It's hair shop, facial, nails filled, toes done  
'Cause it's on at the club  
Saturday, don't stop, just left the barber shop  
Fresh fade, geared up, just got my car washed  
Music up, windows down, rims on, bling-bling  
It's a weekend thing
