

# Welcome to My World

## Nerf Herder

Sitting in my boxers eating apple jacks  
Welcome to my world, welcome to my world  
Whacking it to late night cinemax Welcome to my world Jagermeister and Captain Crunch  
Nicotine and the Brady Bunch  
I'm building a boat out of pudding cups Welcome to my world Welcome to my world  
Non-stop no girl action without you This old shirt is starting to stink  
I don't give a damn what people think  
I can take a leak in the kitchen sink Welcome to my world No you needn't shed a tear  
'Cause I've got waffles and I've got beer  
And I've got Mr. Belvedere Welcome to my world Welcome to my world  
Non-stop no girl action without you, yeah Don't wanna be here, don't wanna be here tonight  
Can't stand another episode of 'Cheers' tonight  
I hate that Woody, I hate Diane  
Frasier and Norm, and that dumbass mail man
