## Mikrokolektyw

If you can't get it  
I can't get it  
Fly soul is single  
Wind beneath us  
I can't take it  
If you can't take it  
Fly soul is single  
Wind beneath us  
If you can't get it  
I can't get it  
Fly soul is single  
Wind beneath us

I can't take it  
If you can't take it  
Fly soul is single  
Wind beneath us  
Shades of sixteen  
You're with me  
Shades of sixteen  
You're with me  
Shades of sixteen  
Remember  
Shades of sixteen  
Remember
