

Unstoppable

Paperwhite

There's something 'bout your silhouette
It shoots me into outer space
Even miles apart, I can't forget
The way the sun would kiss your face
Here we are, standing in the???
Colors so hypnotic
Hear me now, we were meant for all of this
There's no way to stop us!
Tonight the stars are falling
and tonight I'm burning endless
Tonight the sky exploded
We were right to come together
We are unstoppable
We are unstoppable
There's something in the water now
It's tingling like it were a dream
Handshaking, but we can't look back
'Cause nothing's ever rest at teen
Here we are, standing in the???
Colors so hypnotic
Hear me now, we were meant for all of this
There's no way to stop us!
Tonight the stars are falling
and tonight I'm burning endless
Tonight the sky exploded
We were right to come together
We are unstoppable
We are unstoppable
Unstoppable,
We are unstoppable
Stand on the edge with me,
Life always tends to move on
But I'll keep a piece of your sun?? kiss
In my heart
Taking what you see
Everything could be ours
This is what you look to me
Like it's shinning in the dark
Tonight the stars are falling
and tonight I'm burning endless
Tonight the sky exploded
We were right to come together
We are unstoppable
We are unstoppable

Unstoppable,
We are unstoppable
