

Sexual Freedom

M People

Free, free, free my body, I want to love somebody
Free, free, free my body, I want to love somebody
Free, free, free my body, I want to love somebody
Free, free, free my body, I want to love somebody
Free, free me now
Free, free me now
Free, free me now
Come on and free, free me now
Sexual freedom, sexual freedom
I need your sexual freedom
Sexual freedom, sexual freedom, sexual freedom
I need your sexual freedom
Give it to me, give it to me
(Come on, come on, come on, come on)
It takes more than an hour to turn a seed into flower
(Come on)
But it only takes a night to turn darkness into light
(Come on)
Free, free, free my body, I want to love somebody
Free, free, free my body, I want to love somebody
(Come on, come on, come on, come on)
Sexual freedom, sexual freedom
I need your sexual freedom
Sexual freedom, sexual freedom, sexual freedom
I need your sexual freedom
Give it to
Sexual freedom, sexual freedom
I need your sexual freedom
Sexual freedom, sexual freedom, sexual freedom
