

Missing Persons 1 & 2 (Produced By Tedder)

OneRepublic

Used to come around here every day
Now you're breakin'
Used to be the one that is not ashamed
Now you shamin'
Lost in all the wars we fought
Never saw a road
Now that I think about you in the skies
And tomorrow
And I wonder where you are
Now I wonder where you
Are
(Ooh)Take yourself down
Pick yourself up
Everything changed when you got along
Seven point one, took it all down
Suddenly you can't even be found
I said, all night longMissing person's in the window
Staring at me
Saying things I cant hear
A missing person's in the window
Staring at me
Haven't seen them in yearsFirst things first
Second in command
Right as I'm trying to change my plan
Second gonna die
Oh he can't breathe
Everybody's staring straight at me
You spend it all chasing those lies
I don't really wanna take that chance
I don't really wanna do that dance
I don't know what to do till you sayOh I don't wanna let you go
But I can't keep holding on
Skies of silver, stars of gold
And now you know just what you likeSo far this love is all I have
So far this hurt is all I haveMissing person at the window
Missing person at the window
A missing person at the window
Missing person at the window
I wonder where you are

I wonder where you are
I wonder where you are
Wonder where you
