

# Cheated Hearts

## Yeah Yeah Yeahs

Cheated by the opposite of love  
Held on high from up up up above  
Kept my high from the second one  
Kept my eye on the first one Now take these rings and stow them safe away  
I'll wear them on another rainy day  
Take these rings and stow them safe away  
I'll wear them on another rainy day Take these rings and stow them safe away  
I'll wear them on another rainy day  
Take these rings and stow them safe away  
I'll wear them on another rainy day Well I'm  
Taka-taka-taka-taka-takin' off  
And she's  
Taka-taka-taka-taka-takin' off And he's  
Taka-taka-taka-taka-takin' off  
And we're  
Taka-taka-taka-taka-takin' off Sometimes I think that I'm bigger than the sound  
I think that I'm bigger than the sound  
I think that I'm bigger than the sound  
I think that I'm bigger than the sound She'll take on high  
She'll take on high Sometimes I think that I'm bigger than the sound  
I think that I'm bigger than the sound  
I think that I'm bigger than the sound  
Well I think that I'm bigger than the sound Cheated by the opposite of love  
Held on high from up up up above  
Kept my high from the second one  
Kept my eye on the first one Now take these rings and stow them safe away  
I'll wear them on another rainy day  
Take these rings and stow them safe away  
I'll wear them on another rainy day Take these rings and stow them safe away  
I'll wear them on another rainy day  
Take these rings and stow them safe away  
I'll wear them on another rainy day
