

Lifter

Housefires

We deserve unfading love
Sweep my fears away
A kindness
The Saviour such
Here's heart that breaks You're the lifter of my head
Won't you take me higher and higher
And you show me love again
You allow my soul desire One desire you have to raise
Away to daily needs
His praises raise
And further fight
And stares my soul at sea
You're the lifter of my head
Won't you take me higher and higher
And you show me love again
You allow my soul (desire)
You're the lifter
You're the lifter of my head
Won't you take me higher and higher
And you show me love again
You allow my soul desire The King of Kings
The Lord of Lords
I need exalted
The Son of God
The face of love
All I need exalted
The King of Kings
The Lord of Lords
I need exalted
The Son of God
The face of love
All I need exalted You're the lifter of my head
Won't you take me higher and higher
And you show me love again
You allow my soul desire
You're the lifter of my head
Won't you take me higher and higher
And you show me love again
You allow my soul desire You alone

You alone You lift my eyes
Oh you lift my eyes So I fix my eyes on what I cannot see
Mercy and grace all around Oh you lift my head
Oh you lift my head All I could see was everything wrong
All I could see there wasn't good enough
All I could see is my selfish pride Oh you lift my eyes
Oh you lift my eyes 'Cause you're the lifter of my head
Won't you take me higher and higher
Teach me to see the night
And you show me love again
You allow
You allow my soul desire
Oh you lift my head tonight You're the lifter of my head
I set the Lord always before
Won't you take me higher and higher
He set my rights and I would not shake
And you show me love again
Lift my head
Lift my head
You allow my soul desire You're the lifter of my
You're the lifter of my head
And you take me higher and higher
And you show me love again
You allow my soul desire Oh you show me love
I was blind, you show me love The scales fall from my eyes tonight Jesus, King of Kings The King of Kings
The Lord of Lords
I need exalted
The Son of God
You're face of love
All I need exalted King of Kings The King of Kings
The Lord of Lords
I need exalted
The Son of God
The face of love
All I need exalted
