

Devolver

Whitechapel

Advisory - the following lyrics contain explicit language:

Forever the darkness prevailsThe sun has set as darkness prevails
Now we all devolve and rot in hell
These are the words of the suffering lords
Dethroned they remain, degraded as they burnWelcome to hell where suffering reigns
Hypocrite tongues, they speak
Wishing for death, wishing for the end
Like cowards they fleeWelcome to hell where suffering reigns
The most worthless creation of all
Has finally devolved to something beautiful
Nothing, they are obsolete
And now the creator has fell to his kneesThe most worthless creation of all
Has finally devolved to something beautiful
Nothing, they are obsolete
And now the creator has fell to his kneesNow they pray for a savior to come
That savior is deadThis is what I long for, this is what I live for
This is what I long for, this is what I live forThey said they would return
Now their souls are all frozen in time
We have waited all our lives for this moment to come
The time has arrived, the new era has begunThis is what I long for, this is what I live forWe are the ones who
detest your lies
Reverse the cycle, reduced to nothingnessWelcome to hell where suffering reigns
The most worthless creation of all
Has finally devolved to something beautiful
Nothing, they are obsolete
And now the creator has fell to his kneesThe most worthless creation of all
Has finally devolved to something beautiful
Nothing, they are obsolete
And now the creator has fell to his knees
