I Will Be With You

T'Pau

I have this fantasy
You come back and you forgive me
Oh I'm so sorry now
I hear this melody
Our tryst in rhapsody
And I am listening
I never thought I'd see the day when you and me
We'd be so far apart
And I miss you so much now
But I know there's no way back to yesterdayI will be with you
You're here in my heart
But if you never come back again
We'll never be far apart
I miss you so much
Wherever you are
But if you never come back again
We'll never be far apartHere in my deepest dream
Running through another scene
I win your love again
And no, it doesn't bother me
The time I spend in imagery
Well it's how I live
You see, I don't believe that we tried
Everything before our love died
And I just can't forget
Oh, is the one chance all we getI will be with you
You're here in my heart
But if you never come back again
We'll never be far apart
I miss you so much
Wherever you are
But if you never come back again
We'll never be far apartNow I have such memories
But I don't like to resurrect them
Oh you know they hurt me so much now
And I know there's no way you'll be coming homeI will be with you
You're here in my heart
But if you never come back again
We'll never be far apart

I miss you so much
Wherever you are
But if you never come back again
We'll never be far apartI will be with you
You're here in my heart
But if you never come back again
We'll never be far apart
I miss you so much
Wherever you are
But if you never come back again
We'll never be far apart
