

# Strictly 4 My Jeeps

## Action Bronson

Better slow down baby  
I'm out here wildin'  
Uh better slow down baby  
Shit is crazy You need to slow down baby  
My whole team cash and load out baby  
I'm a hero in my home town baby  
Stop talking just go down baby Shit on my chest shoot colors like a care bear  
All year see me tan hopping out the van  
You wasn't there now you tryna show face  
Fuck around be a cold case  
Chrome skates on an old day  
Remote control chains promote dough for the veins  
Poke chicks hoes with vogue legs  
Eat steaks off a cold plate stoned listening to Cold Play Shit you need to slow down baby  
My whole team cash and load out baby  
I'm a hero in my home town baby  
Stop talking just go down baby Long knife by the spinal built like a rhino  
Push the 6-35 to the finals  
Pearl white like what you sniffin' in your sinus  
The finest vaginas demolished by my dick  
One year from Queens to the top  
Cream of the crop Serve a fiend out my sock  
Five minutes till they lean like the drop  
Now they spinning through the furnace like the scene from The Rock  
Hide spinach like a doomsday prepper  
Every Sunday in my Tuesday leather  
Now my beard look like Uday and Qusay  
Play the pool on a cool day shit You need to slow down baby  
My whole team cash and load out baby  
I'm a hero in my home town baby  
Stop talking just go down baby A lot of people with their hands out now  
Got these motherfuckers mad 'cause I'm a stand out now  
You never let the hammer off you got the soft hands  
I hear you singing for the boss man  
Dog I'm from a lost land spill coke on the heater  
Drop a little sauce on the beater  
Zero to 60 in a Porsche like a cheetah  
New York I'm like Jeter light Caesar  
No hypebeaster rock a nice sneaker

You get drugs for a good price my price cheaper guaranteed  
My trunk snapping like a tambourine  
Bodying these pussies with a camera teamUh! You better slow down baby  
Uh! You better slow down baby  
Uh! You better slow down baby  
Better slow down babyYou need to slow down baby  
My whole team cash and load out baby  
I'm a hero in my home town baby  
Stop talking just go down babyYou need to slow down baby  
I'm a hero in my home town babyYou need to slow down baby  
I'm a hero in my home town baby
