Doctor Who

Parry Gripp

Listen girl to what I say
about the man from Gallifrey
He can show you the planets
he can show you the stars
he can love you more because
he's got two heartsDoctor Who, Doctor Who,
Doctor Who, whatcha gonna do
Doctor Who, Doctor Who,
Doctor Who, whatcha gonna doFrom the nearest world to
the farthest, he'll take you
there in his TARDIS
who will you find, are you
a risk-taker, will it be David
Tennant or Colin BakerDoctor Who, Doctor Who,
Doctor Who, whatcha gonna do
Doctor Who, Doctor Who,
Doctor Who, whatcha gonna doAs you travel through the void
your adventures will be great
but as you experience the freedom
of time, there's no escaping your
ultimate fateFor though you fly from the
galaxies at supersonic speeds
you lie and wait to hear the word
to hear the word, to hear the word
ExterminateDoctor Who, Doctor Who,
Doctor Who, Doctor Who, who, who
Doctor Who, Doctor Who,
Doctor Who, Doctor Who, who, who
Doctor Who, Doctor Who,
Doctor Who, Doctor Who, who, who
Doctor Who, Doctor Who,
Doctor Who, Doctor Who, who, who
Doctor Who
