

How to Fall In Love, Pt. 1

Bee Gees

I got a bad sensation, the enemy is all around
The traces of my naked heart are laid upon the ground
I suffered side effects that might have been forever, even in my dreams
And I was left alone to pray when there was no one in the way
And nothin' what it seemed And from a hard time, play time took a trip around the world
Made myself invisible, the taste was in the wine
And just the thought of someone needing me forever
I don't believe the words are true that only she could be my savior Experience is not enough, I'll show you how
to fall in love
She said, "Experience is not enough, I'll show you how to fall in love" And she's alone here with me
And lighting all my days of sorrow on my own
If there was any more to give
You know I'd sacrifice it for her And in the prime of my life I was blessed and I was sent
Someone sweet and innocent and nervous when she kissed
And in the face of my forbidden fruit forever, miracles are mine
And knowing I'm the first in her secret universe
There's no sense of space and time You take a small town, young girl, someone warm and wonderful
That any man would understand that love is like the wind
Something deep inside to give you
And when the words get in the way, the only thing you need is silence Experience is not enough, I'll show you
how to fall in love
Experience is not enough, I'll show you how to fall in love
She said "Experience is not enough, I'll show you how to fall in love"
Experience is not enough, I'll show you how to fall in love Experience is not enough, I'll show you how to fall
in love
Experience is not enough, I'll show you how to fall in love
She said "Experience is not enough, I'll show you how to fall in love"
Experience is not enough, I'll show you how to fall in love Experience is not enough, I'll show you how to fall
in love
Experience is not enough, I'll show you how to fall in love
She said "Experience is not enough, I'll show you how to fall in love"
Experience is not enough, I'll show you how to fall in love Experience, experience is not enough, I'll show you
how to fall in love
Experience is not enough, I'll show you how to fall in love
Experience is not enough, I'll show you how to fall in love
