

Ultimate a Cappella Mashup: 25 Hits, 25 Years

BYU Vocal Point

You donâ€™t know oh-oh
You donâ€™t know youâ€™re beautiful

I threw a wish in the well
Donâ€™t ask me Iâ€™ll never tell
I look to you as it fell
And now youâ€™re in our way

We were victims of the night
Our chemical, physical, kryptonite

All of our bridges burned down
Iâ€™ve wasted my nights
You turned out the lights
Now Iâ€™m paralyzed
Still stuck in that time
(When we called it love
But even the sun sets in paradise)

Your stare was holding
Ripped jeans, skin was showing
Hot night, wind was blowing
Where you think youâ€™re going baby?

Well, I won't give up on us
Even if the skies get rough
(Iâ€™m at a payphone)
I'm giving you all my love
I'm still looking up you found me
(You found me)

Ooo-ooo
We were both young
When I first saw you I closed my eyes
And a flashback starts I'm standing there
(It's only in your head you feel left out or looked down on)
On a balcony in summer air

Yeah
Just the way you are

You are, my fire
(Reaching a fever pitch, and it's bringing me out the dark)
(Finally I can see you crystal clear)
The one desire
Believe me when I say

I want it

Everybody dance now!

Do you believe in life after love
(Move along, move along, like I know you do)
I can feel something inside me say
(Move along, move along, like I know you do)
I really don't think you're strong enough,
No

So call me maybe

Let it go
Let it go
Can't hold it back anymore

If I die young, bury me in satin
Lay me down on a bed of roses

I set out on a narrow way
many years ago

When the heat of the rolling wind
Can't be turned away

Near, far, wherever you are

(3 Beatbox Solos)

Baby, baby, baby, oh like, baby, baby, baby, no

(It's too late to apologize)
(Mmm-bop)
(It's too late to apologize)
(Dum-bop mm wa do la do wa)
(Dilla do a do wa)
(It's too late to apologize)
Baby, baby, no
(It's too late, I said it's too late to apologize)

Don't break my heart, my achy breaky heart

Hey macarena

When I see your face

(Hey I just met you)

There's not a thing that I would change

(She said shut up and dance with me)

You're amazing, just the way you are

(Shut up and dance with me, shut up and dance with me, she said shut up and dance)

I would walk 500 miles

(It's like you're my mirror)

(Your eyes on me)

I would walk 500 miles

(My mirror staring back at me)

(She said shut up and dance with me)

Hello from the other side

(It was my destiny, she said)

So call me maybe
