100 Miles

Abra Moore

Wheels turn like my memories
And the headlights shine like my used to be's
And time, time's taking way too long
And forgiveness, well I hope it's not too far goneA hundred miles from here is where I need to be
And a hundred miles from now I'm gonna hit my knees
Say I miss you, ooh I love you and I'm sorryAnd if she can find the way to take me back
I'll spend the rest of my life making up for the past
All my answers, all my hopes and all my fears
Are a hundred miles from hereI, I told her I had to go
And now I know what I didn't know
And this road will lead me back to your door
But can it take me to a girl who can't love me anymore?A hundred miles from here is where I need to be
And a hundred miles from now I'm gonna hit my knees
Say I miss you, ooh I love you and I'm sorryAnd if she can find the way to take me back
I'll spend the rest of my life making up for the past
All my answers, all my hopes and all my fears
Are a hundred miles from here, oh a hundred miles from here
