

Me Without You

Lil Cuete

i dont want to see me without you, you without me
i dont want to see me without you, you without me
Ever since we hooked up its just been me and you
Good and bad times but we still made it through
And i dont want to see you with somebody new
So i'll do whatever it takes for me to make it with you
I love the ways it feels when I'm touching your body
All alone on our own
Love when your acting naughty
Light skin, nice shape with a beautiful face
I know your the type of girl that i couldn't replace
And I dont ever want to have to see you go
Cuz if you did, I wouldnt want no one, i'd rather be alone
I need you in my life, im not affraid to admit it
So dont tell me that its over cuz girl i know it isnt
I know i made you sad and im sorry that i did it
So please baby girl dont tell me that your finished with me
I promise i can show you that im the one thats for you
And i dont care about who love me mija, i love you
Me without you I cant see it
Girl i need you please believe me
Give me one more try
And i'll make it worth your while
Me without you i cant do it
Girl i know i put you through it
They dont want to see
You with me
Not another day goes by without me thinkin of you
I couldnt picture me happy without picture you
You know we got many that dont want to see us together
I know its been a lil rough but i'll never let you go never
And it dont matter what they say or do
Cuz there never gonna change the way i feel about you
Im not impressed by other woman, i wont waist my time
I mean look at your self baby, your so damn fine
And i aint lyin when i say that your one of a kind
You always on my mind
Your beauty shine
Im so glad your mine

And i can look but never find someone quiet like you
And i apologize for anythin i put you through

I cant get enough of you, and you know it too
I can see you on the aisle and your walkin through with me
And thats all i will ever need in my life
All my dreams will come true when i make you my wife
Thats right

Me without you I cant see it
Girl i need you please believe me
Give me one more try
And i'll make it worth your while
Me without you i cant do it
Girl i know i put you through it
They dont want to see
You with me

I know these girls think im lucky
but im no fool

I know im the one thats lucky for bein with you
I love your long hair and pretty eyes
And your the perfect size

The kind of girl that be wanted by other guys
You by my side, i'll never be lonely
I'll always want you to be my one and only
Became addicted to the love you showed me
I only want you to be the one to hold me
Your so sweet, all im wantin is you

Cuz when i close my eyes, all i can picture is you with me
And thats how it will always be

So come and tell me you feel the same with me
I dont want to see me without you, you without me
Girl i need you please believe me
Give me one more try

And i'll make it worth your while
Me without you
I cant do it

Girl i know i put you through it
They dont want to see
You with me

I dont want to see me without you, you without me
I dont want to see me without you, you without me
I dont want to see

"Fingazz on the track"

I dont want to see me without you, you without me
