The Scientist

Flux Pavilion

[Verse 1]Come up to meet you
Tell you I'm sorry
You don't know how lovely you are
I had to find you
And tell you I need you
Tell you I set you apart
So tell me your secrets
And ask me your questions
Oh, let's go back to the start
Runnin' in circles
Comin' up tails
Heads on the Science apart
Oh take me back to the start

[Verse 2]I was just guessing
The numbers and figures
Putting the puzzle apart
Questions of Science
Science and progress
Don't speak as loud as my heart
[Bridge]Nobody said it was easy
It's such a shame for us to part
Nobody said it was easy
No one ever said it would be this hard (Echo)
Oh take me back to the start
