Now And Forever (You And Me)

Anne Murray

Up until now I've learned to live without love
Like a ship without a sail, wandering aimlessly lost
I never knew how it felt to lose my control
But now that I've found you, this is all so newYou and me we've got a destiny
Starting tonight, we'll be together
You and me, this is what love should be
And it's gonna be right now and foreverDarlin', inside your eyes I can see mysteries there
And you're melting the ice surrounding me, I'm no longer scared
I feel you inside my soul and I'm captured tonight
But don't let go, this is paradiseYou and me we've got a destiny
Starting tonight, we'll be together
You and me, this is what love should be
And it's gonna be right, if you tell meThere's a heaven up above, then that's what I'll believe
'Cause you're the one thing that I'm so sure ofI feel you inside my soul and I'm captive tonight
But don't let go, this is paradiseYou and me we've got a destiny
Starting tonight, we'll be together
You and me, this is what love should be
And it's gonna be right now and foreverYou and me we've got a destiny
Starting tonight, we'll be together
You and me, this is what love should be
And it's gonna be right starting tonight
