

Now And Forever (You And Me)

[Anne Murray](#)

Up until now I've learned to live without love
Like a ship without a sail, wandering aimlessly lost
I never knew how it felt to lose my control
But now that I've found you, this is all so new
You and me we've got a destiny
Starting tonight, we'll be together
You and me, this is what love should be
And it's gonna be right now and forever
Darlin', inside your eyes I can see mysteries there
And you're melting the ice surrounding me, I'm no longer scared
I feel you inside my soul and I'm captured tonight
But don't let go, this is paradise
You and me we've got a destiny
Starting tonight, we'll be together
You and me, this is what love should be
And it's gonna be right, if you tell me
There's a heaven up above, then that's what I'll believe
'Cause you're the one thing that I'm so sure of
I feel you inside my soul and I'm captive tonight
But don't let go, this is paradise
You and me we've got a destiny
Starting tonight, we'll be together
You and me, this is what love should be
And it's gonna be right now and forever
You and me we've got a destiny
Starting tonight, we'll be together
You and me, this is what love should be
And it's gonna be right starting tonight
