

I Want to Love You Down

Keith Sweat

Yeah, baby
Feel so good, feel so good Come on in, baby, have a seat
Take your shoes off, let me massage your feet
You look like youre in the mood for good love
Turn the lights off, girl, thats what I give you plenty of I wanna be more than a friend
Someone you can depend on
Love you over and over again
Tonight I dont want a love affair to ever end
I love you
(Once we get started, its not gonna stop) I wanna love you down from your head to your toes
And anywhere else, no one has to know
I wanna love you down from your head to your toes
And anywhere else, but no one has to know Lets take a shower, baby, you see the water is fine
(Pass me the soap)
And Ill wash your body and baby, youll wash mine
(Now its your turn)
Touch you, girl, in all the right places
And I wanna fill up all your, your empty spaces I wanna be more than a friend
Someone you can depend on
Love you over and over again
Tonight I dont want this love affair to ever end
No, girl
(No, baby, no I dont) I wanna love you down
(Oh, yeah)
From your head to your toes
(Down from your head, down to your toes, girl)
And anywhere else, no one has to know
(It will be a secret between you and I, girl)
I wanna love you down from your head to your toes
(All the way down)
And anywhere else, no one has to know
(Let me break it on down to you right now, girl) Ooh, baby, you feel so good to me tonight
Let me ask you one thing, girl
Can I put you there?
(Yeah, yeah)
Can I put you right there, baby?
(Yeah, yeah) Does it feel good to you, girl?
(Yeah, yeah)
Oh, does it feel real good to you, baby

(Yeah, yeah)

If it feels good let me hear you say, Yeah, babe

(Yeah, yeah, yeah, yeah) I wanna love you down from your head to your toes

(Oh tell me it feels right, tell me it feels so right, girl)

And anywhere else, no one has to know

(Ooh, whisper those sweet little things in my ear)

I wanna love you down from your head to your toes
