No Lie

Fenix TX

"Take a chance on me" she said I'll be here for a while
I should have seen the lies through her smileWhy didn't I lie to you?
Why didn't I lie to you?All the problems that you've had you'll blame them all on me
Take away my eyes so I can't see youWhy didn't I lie to you?
Why didn't I lie to you?Take a chance on me again, I'll try and make it right
But I won't hear another lie tonightAnd why didn't I lie to you?
Why didn't I lie to you?
Why didn't I lie to you?
Why didn't I lie?
