

# My City

## Soulja Boy

Welcome to my city, bring you to my city  
Let you ride around my city, I can  
Show you 'round my city, welcome to my city  
Bring you to my city, I can show you round my city  
That's my city  
Welcome to my city, this my city Let you ride around my city  
Show you 'round my city, let me bring you to my city  
I'm that nigga We sip lean in my city  
We smoke weed in my city, I'm that nigga  
I let them dream in my city  
You do it big, I do it bigger  
I can you bring you to my city, I can show you all the spots  
Let you come and kick it  
We can post up on my block  
I can put you on babe, loud pack the strong way  
Zone 1 to zone 3  
I can bring you to my city  
I can show you double digits, I'm that nigga  
Double cup with my swisher  
We can take a priceless picture in my city, this my city  
Welcome to my city, you gon' love it in my city  
Come and kick it with me  
Bring you to my city, I can show you how we get it  
Welcome to my city  
Welcome to my city, bring you to my city  
Let you ride around my city, I can  
Show you 'round my city, welcome to my city  
Bring you to my city, I can show you round my city  
That's my city  
Welcome to my city, this my city Let me ride you round my city  
Show you 'round my city, let me bring you to my city  
I'm that nigga Bring you to my city, and show you how we rock  
Bring you to my city, and have fun all night  
And you asking  
About where I hang, about where I be at  
I be doing my thing, my thing  
My Thing  
Show you how we ball  
Take you to the mall, money stacking tall

Fuck what the bling cost, shawty said she quiet in the club  
About to take a ring home  
Come and join the team dog  
Everyday we ball, like we in a arena  
Zan with the lean bruh, shit you never seen bruh  
True religion jeans bruh  
Welcome to my city, bring you to my city  
Let you ride around my city, I can  
Show you 'round my city, welcome to my city  
Bring you to my city, I can show you round my city  
That's my city  
Welcome to my city, this my city Let me ride you 'round my city  
Show you 'round my city, let me bring you to my city  
I'm that nigga
