

Mandy (1985-2000)

The Butchies

the light was empty my hands were still when i heard the news i already knew you already told me waves good
bye i'm not saying the end it's going around you Mandy you are with me now Mandy never far from me
desperate raiding the cupboards mixing gin and vodka i honestly believe you kept me away from harm i was
seeking see you made me safely i'm at ease i know you are running sweetness i miss you i miss you and once
upon a time a 10 year old girl Mandy you picked me good bye i'll see you when i see see you when i see you
again i'll see you when i see you again
