

Pearls

Shannon Brown

These pearls from my mother, passed down from her mother

Of everything they gave me, I treasure them most

Cant wear them, cant hold them, dont come from the ocean

Oh, theyre way more precious than anything I ownTheyre written in my soulRemember who you are and dont
forget to pray

Make sure hes your best friend when you give your heart away

Be kind, be strong, be someone everyone can count on

Yeah, someday Im gonna give my little girl these pearls, oh yeah, yeahIll teach her about make-up, boyfriends
and break-ups

Ill share all the wisdom Ive ever learned

Like beautys on the inside and give it your best try

Ill pass down the same words, Ive always heardAnd shell carry them with herRemember who you are and dont
forget to pray

Make sure hes your best friend when you give your heart away

Be kind, be strong, be someone everyone can count on

Yeah, someday Im gonna give my little girl these pearlsShell tell her daughter and shell tell hers too

Ive saved these pearls just for you, just for youRemember who you are and dont forget to pray

Make sure hes your best friend when you give your heart away

Yeah, be kind, be strong, be someone everyone can count on

Yeah, someday Im gonna give my little girl, oh

Someday Im gonna give my little girl these pearlsThese precious pearls
