## Chamillionaire

Na, na, na, na, na, na, na hey  
Na, na, na, na, na, na, na  
They said no when I told them that  
I'd find a way to get to the top  
They didn't know that eventually  
I'd be the one to worry about  
When someone would mention me  
They always try to say I would flop  
But this the sound of revenge  
The sound of revenge, the sound of revenge  
The sound of revenge, revenge  
Yeah, on the path to find out whose true  
The only person you can really trust is you  
And if you feel like you can't even trust you  
Then you can always trust you know who  
And if you don't know who you know who is  
Then I feel so sorry for you  
'Cause that's really the only person that can judge  
And critics people that wanna see you fail  
Will tell you what you can do, shouldn't do or must do  
And when you got that glow  
Nobody else's words can really bugs you, ha ha  
Revenge has always been looked upon as a sin  
And sometimes you just feel like you have to sin to win  
Sometimes it sound like, it's what it coulda been

And when you get to the gates of heaven  
They probably wouldn't let you in, ha ha  
But to change that meaning  
Of it success is what it is in the end  
And instead of worrying about  
What it should of could of or would it been  
You turn you head towards the future and keep it movin'  
You know what I'm sayin'? Well say it again  
Keep it movin', you know what I'm sayin'?  
Screw it then know what I'm sayin'?  
If you waitin' for me to fail  
Your time is running out on the glock  
I'm runnin' to the finish yeah

When I get there I ain't gonna stop  
Success is what I couldn't have  
But now I tell them look what I got  
But this the sound of revenge  
The sound of revenge, the sound of revenge  
The sound of revenge, revenge  
Na, na, na, na, na, na, na hey  
Na, na, na, na, na, na, na  
Na, na, na, na, na, na, na  
The sound of revenge
