

Breakthrough

Big Wreck

I guess it's out of respect for you
That I let my words always get the best of me And it's out of respect for you
I'm going to let you go
I'm going to watch you be a star from the back of my mind So I'm going roll and I'm going fill up my
time 'Cause it so much harder to float around
Than it is to hit the ground
I've got to breakthrough
Just let me breakthrough Please
Please I'm kind of surprised I don't feel so bad
When I think about the kind of week I've had
I look at things in a positive way
It's the brand new me as of the other day
And I walk, with the air beneath my feet It is so much harder to float around
Than it is to hit the ground
I've got to breakthrough
Just let me breakthrough Please Why can't I see
You don't want to see this side of me
Why can't I know
You don't want to know how far I'll go Please You know it's so much harder to float around
Than it is to hit the ground
You've got to breakthrough Please
Please
Please
Please
Please
Please
