

Missing Child

NOFX

If you see my daughter
Tell her to call home
She's only sixteen
And never been on her own If you see this beautiful girl
Tell her to call her mom
My little girl is gone
My little girl is gone Did I protect her
Did I do all I could?
Is she gone forever
Like her childhood?
If you see my baby
Tell her to call her mom
My little girl is gone
My little girl is gone
